## GENERAL INFORMATION

### THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER

The employee is permitted to freely choose his own service provider e.g. doctor, pharmacy, physiotherapist, hospital, etc. and no interference with this privilege is permitted, as long as it is exercised reasonably and without prejudice to the employee or to the Compensation Fund. The only exception to this rule is in case where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — section 78 of the Compensation for Occupational Injuries and Diseases Act refers.

In terms of section 42 of the Compensation for Occupational Injuries and Diseases Act, the Compensation Fund may refer an injured employee to a specialist medical practitioner designated by the Director General for a medical examination and report. Special fees are payable when this service is requested.

In terms of section 76,3(b) of the Compensation for Occupational Injuries and Diseases Act, no amount in respect of medical expenses shall be recoverable from the employee.

In the event of a change of medical practitioner attending to a case, the first doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal. **To avoid disputes regarding the payment for services rendered, medical practitioners should refrain from treating an employee already under treatment by another doctor without consulting / informing the first doctor.** As a general rule, changes of doctor are not favoured by the Compensation Fund, unless sufficient reasons exist.

According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a medical service provider should not request the Compensation Fund to authorise such treatment before the claim has been submitted to and accepted by the Compensation Fund. **Pre-authorisation of treatment is not possible and no medical expense will be approved if liability for the claim has not been accepted by the Compensation Fund.**

An employee seeks medical advice at his own risk. If an employee represented to a medical service provider that he is entitled to treatment in terms of the Compensation for Occupational Injuries and Diseases Act, and yet failed to inform the Compensation Commissioner or his employer of any possible grounds for a claim, the Compensation Fund cannot accept responsibility for medical expenses incurred. The Compensation Commissioner could also have reasons not to accept a claim lodged against the Compensation Fund. In such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.

**Please note that from 1 January 2004 a certified copy of an employee's identity document will be required in order for a claim to be registered with the Compensation Fund.** If a copy of the identity document is not submitted the claim will not be registered but will be returned to the employer for attachment of a certified copy of the employee's identity document. Furthermore, all supporting documentation submitted to the Compensation Fund must reflect the identity number of the employee. If the identity number is not included such documents can not be processed but will be returned to the sender to add the ID number.

The tariff amounts published in the tariff guides to medical services rendered in terms of the Compensation for Occupational Injuries and Diseases Act do not include VAT. All accounts for services rendered will be assessed without VAT. Only if it is indicated that the service provider is registered as a VAT vendor and a VAT registration number is provided, will VAT be calculated and added to the payment, without being rounded off.

The only exception is the "per diem" tariffs for Private Hospitals that already include VAT.

Please note that there are VAT exempted codes in the private ambulance tariff structure.

#### **CLAIMS WITH THE COMPENSATION FUND ARE PROCESSED AS FOLLOWS**

1. New claims are registered by the Employers and the Compensation Fund and the **employer views the claim number allocated online**. The allocation of a claim number by the Compensation Fund, does not constitute acceptance of liability for a claim, but means that the injury on duty has been reported to and registered by the Compensation Commissioner. Enquiries regarding claim numbers should be directed to the employer and not to the Compensation Fund. The employer will be in the position to provide the claim number for the employee as well as indicate whether the claim has been accepted by the Compensation Fund
2. If a claim is **accepted** as a COIDA claim, **reasonable medical expenses** will be paid by the Compensation Commissioner.
3. If a claim is **rejected (repudiated)**, medical expenses for services rendered will not be paid by the Compensation Commissioner. The employer and the employee will be informed of this decision and the injured employee will be liable for payment.
4. If **no decision** can be made regarding acceptance of a claim due to inadequate information, the outstanding information will be requested and upon receipt, the claim will again be adjudicated on. Depending on the outcome, the invoices from the service provider will be dealt with as set out in 2 and 3. Please note that there are claims on which a decision might never be taken due to lack of forthcoming information.

## BILLING PROCEDURE

1. All service providers should be registered on the Compensation Fund claims system in order to capture invoices and medical reports.
  - 1.1 Medical reports should always have a clear and detailed clinical description of injury and related ICD 10 Code.
  - 1.2 In a case where a surgical procedure is done, an operation report is required
  - 1.3 Only one medical report is required when multiple procedures are done on the same service date
  - 1.4 A medical report is required for every invoice submitted covering every date of service.
  - 1.5 Referrals to another medical service provider should be indicated on the medical report.
  - 1.6 Medical reports, referral letters and all necessary documents should be uploaded on the Compensation Fund claims system.

**NOTE: Service providers are required to keep original documents (i.e medical reports, invoices) and these should be made available to the Compensation Commissioner on request.**

2. Medical invoices should be switched to the Compensation Fund using the attached format. - Annexure D.
  - 2.1. Subsequent invoice must be electronically switched. It is important that all requirements for the submission of invoice, including supporting information, are submitted.
  - 2.2. Manual documents for medical refunds should be submitted to the nearest labour centre.
  - 2.3 Service providers may capture and submit medical invoices directly on the Compensation Fund system online application.
3. The status of invoices /claims can be viewed on the Compensation Fund claims system. If invoices are still outstanding after 60 days following submission, the service provider should complete an enquiry form, W.Cl 20, and submit it ONCE to the Provincial office/Labour Centre. All relevant details regarding Labour Centres are available on the website [www.labour.gov.za](http://www.labour.gov.za) .
4. If an invoice has been partially paid with no reason indicated on the remittance advice, an enquiry should be made with the nearest processing labour centre. The service provider should complete an enquiry form, W.Cl 20, and submit it ONCE to the Provincial office/Labour Centre. All relevant details regarding Labour Centres are available on the website [www.labour.gov.za](http://www.labour.gov.za) .

5. Details of the employee's medical aid and the practice number of the referring practitioner must not be included in the invoice.
- If a medical service provider claims an amount less than the published tariff amount for a code, the Compensation Fund will only pay the claimed amount and the short fall will not be paid.
6. Service providers should not generate the following:
  - a. Multiple invoices for services rendered on the same date i.e. one invoice for medication and a second invoices for other services.
  - b. Cumulative invoices – Submit a separate invoice for every month.

**\* Examples of the new forms (W.Cl 4 / W.Cl 5 / W.Cl 5F) are available on the website [www.labour.gov.za](http://www.labour.gov.za) •**

**MINIMUM REQUIREMENTS FOR INVOICE RENDERED**

**Minimum information** to be indicated on invoices submitted to the Compensation Fund

- Name of employee and ID number
- Name of employer and registration number if available
- Compensation Fund claim number
- DATE OF ACCIDENT (not only the service date)
- Service provider's **invoice number**
- The practice number (changes of address should be reported to BHF)
- VAT registration number (VAT will not be paid if a VAT registration number is not supplied on the account)
- Date of service (the actual service date must be indicated: the invoice date is not acceptable)
- Item codes according to the officially published tariff guides
- Amount claimed per item code and total of account
- It is important that all requirements for the submission of invoices are met, including supporting information, e.g:
  - All pharmacy or medication accounts must be accompanied by the original scripts
  - The referral letter from the treating practitioner must accompany the medical service providers' invoice.

**COMPENSATION FUND MEDICAL SERVICE PROVIDERS REGISTRATION REQUIREMENTS**

Medical service providers treating COIDA patients must comply with the following requirements before submitting medical invoices to the Compensation Fund:

- Medical Service Providers must register with the Compensation Fund as a Medical Service Provider.
- Medical Service Providers must register with the Compensation Fund as a system user for loading of medical invoices and medical reports.
- Render medical treatment to patients in terms of COIDA Section 76 (3) (b).
- Submit Proof of registration with the Board of Healthcare Funders of South Africa.
- Submit SARS Vat registration number document on registration.
- A certified copy of the MSP's Identity document not older than three months.
- Proof of address not older than three months.
- Submit medical invoices with gazetted COIDA medical tariffs, relevant ICD10 codes and additional medical tariffs specified by the Fund when submitting medical invoices.
- All medical invoices must be submitted with invoice numbers exclude duplicates.
- Submit medical reports and medical invoices through the Compensation Fund Medical service provider application on or before submission/switching of medical invoices.
- Provide medical reports and invoices within a specified time frame on request by the Compensation Fund in terms of Section 74 (1) and (2).
- The name of the switching house that submit invoices on behalf of the medical service provider must be indicated on Medical service provider letterhead. The Fund must be notified in writing when changing from one switching house to another.

All medical service providers will be subjected to the Compensation Fund vetting processes.

**The Compensation Fund will reject all invoices that do not comply with billing requirements as published in the Government Gazette.**

**REQUIREMENTS FOR SWITCHING MEDICAL INVOICES WITH THE COMPENSATION FUND**

The switching provider must comply with the following requirements:

1. Registration requirements as an employer with the Compensation Fund.
2. Host a secure FTP server to ensure encrypted connectivity with the Fund.
3. Submit and complete a successful test file before switching the invoices.
4. Validate medical service providers' registration with the Board of Healthcare Funders of South Africa.
5. Ensure elimination of duplicate medical invoices before switching to the Fund.
6. Invoices submitted to the Compensation Fund must have Gazetted COIDA Tariffs that are published annually and comply with minimum requirements for submission of medical invoices and billing requirements.
7. File must be switched in a gazetted documented file format published annually with COIDA tariffs.
8. Single batch submitted must have a maximum of 100 medical invoices.
9. File name must include a sequential batch number in the file naming convention.
10. File names to include sequential number to determine order of processing.
11. Medical Service Providers will be subjected to Compensation Fund vetting processes.
12. Provide any information requested by the Fund.
13. Third parties must submit power of attorney.

**Failure to comply with the above requirements will result in deregistration of the switching house.**

<b>RULES GOVERNING THE TARIFF</b>							
<p><b>PLEASE NOTE:</b> The interpretations/comments as published in the SAMA Medical Doctors' Coding Manual (MDCM) must also be adhered to when rendering health care services under the Compensation for Occupational Injuries and Diseases Act, 1993</p>							
<b>A. Consultations: Definitions</b>							
<p>(a) <b>New and established patients:</b> A consultation/visit refers to a clinical situation where a medical doctor personally obtains a patient's medical history, performs an appropriate clinical examination and, if indicated, administers treatment, prescribes or assists with advice. These services must be face-to-face with the patient and excludes the time spent doing special investigations which receives additional remuneration</p>							
<p>(b) <b>Subsequent visits:</b> Refers to a voluntarily scheduled visit performed within four (4) months after the first visit. It may imply taking down a medical history and/or a clinical examination and/or prescribing or administering of treatment and/or counselling</p>							
<p>(c) <b>Hospital visits:</b> Where a procedure or operation was done, hospital visits are regarded as part of the normal after-care and not be coded (unless otherwise indicated). Where no procedure or operation was carried out, a hospital visit according to the appropriate hospital or inpatient follow-up visit may be coded.</p>							
<b>B. Normal hours and after hours:</b>							
<p>Normal working hours comprise the periods 08:00 to 17:00 on Mondays to Fridays, 08:00 to 13:00 on Saturdays, and all other periods voluntarily scheduled (even when for the convenience of the patient) by a medical practitioner for the rendering of services. All other periods are regarded as after hours. Public holidays are not regarded as normal working days and work performed on these days is regarded as after-hours work. Services are scheduled involuntarily for a specific time, if for medical reasons the doctor should not render the service at an earlier or later opportunity. Please note: Items 0146 and 0147 (emergency consultations) as well as modifier 0011 (emergency theatre procedures) are only applicable in the after hours period)</p>							
<b>C. Comparable services:</b>							
<p>The fee that may be charged in respect of the rendering of a service not listed in this tariff of fees or in the SAMA guideline, shall be based on the fee in respect of a comparable service. For procedures/services not in this tariff of fees but in the SAMA guideline, item 6999 (unlisted procedure or service code), should be used with the SAMA code. Motivation for the use of a comparable item must be provided. Note: Rule C and item 6999 may not be used for comparable pathology services (sections 21, 22 and 23)</p>							
<b>D. Cancellation of appointments:</b>							
<p>Unless timely steps are taken to cancel an appointment for a consultation the relevant consultation fee may be charged. In the case of an injured employee, the relevant consultation fee is payable by the employee.) In the case of a general practitioner "timely" shall mean two hours and in the case of a specialist 24 hours prior to the appointment. Each case shall, however, be considered on merit and, if circumstances warrant, no fee shall be charged. If a patient has not turned up for a procedure, each member of the surgical team is entitled to charge for a visit at or away from doctor's rooms as the case may be</p>

		U/E	R	U/E	R	U/E	R	T/M	
E.	<b>Pre-operative visits:</b> The appropriate consultation may be coded for all pre-operative visits with the exception of a routine pre-operative visit at the hospital, since that routine pre-operative visit is included in the global surgical period for the procedure.								
F.	<b>Administering of injections and/or infusions:</b> Where applicable, administering injections and/or infusions may only be coded when done by the medical doctor him-/herself								
G.	<b>Post-operative care</b> (a) Unless otherwise stated, the fee in respect of an operation or procedure shall include normal after-care for a period not exceeding FOUR months (after-care is excluded from pure diagnostic procedures during which no therapeutic procedures were performed) ● Tensy anders vermeld, sluit die gelde ten opsigte van 'n operasie of prosedure normale nasorg in oor 'n tydperk wat nie VIER maande oorskry nie (nasorg is uitgesluit van suiwer diagnostiese prosedures waartydens geen terapeutiese prosedures uitgevoer is nie)  (b) If the normal after-care is delegated to any other registered health professional and not completed by the surgeon it shall be his/her own responsibility to arrange for the service to be rendered without extra charge (c) When the care of post-operative treatment of a prolonged or specialised nature is required, such fee as may be agreed upon between the surgeon and the Compensation Fund may be charged  (d) Normal aftercare refers to uncomplicated post-operative period not requiring any further surgical incision (e) Abnormal aftercare refers to post-operative complications and treatment not requiring any further incisions and will be considered for payment								
H.	<b>Removal of lesions:</b> Items involving removal of lesions include follow-up treatment for four months								
I.	<b>Pathological investigations performed by clinicians:</b> Fees for all pathological investigations performed by members of other disciplines (where permissible) - refer to modifier 0097: Items that resort under Clinical and Anatomical Pathology: See section for Pathology								
J.	<b>Disproportionately low fees:</b> In exceptional cases where the fee is disproportionately low in relation to the actual services rendered by a medical practitioner, a higher fee may be negotiated. Conversely, if the fee is disproportionately high in relation to the actual services rendered, a lower fee than that in the tariff should be charged								
K.	<b>Services of a specialist, upon referral:</b> Save in exceptional cases the services of a specialist shall be available only on the recommendation of the attending general practitioner. Medical practitioners referring cases to other medical practitioners shall, if known to them, indicate in the referral letter that the patient was injured in an "accident" and this shall also apply in respect of specimens sent to pathologists								
L.	<b>Procedures performed at time of visits:</b> If a procedure is performed at the time of a consultation/visit, the fee for the visit PLUS the fee for the procedure is charged								
M.	<b>Surgical procedure planned to be performed later:</b> In cases where, during a consultation/visit, a surgical procedure is planned to be performed at a later occasion, a visit may not be charged for again, at such a later occasion								
N.	<b>Rendering of accounts for occupational injuries and diseases</b>

<p>(a) "Per consultation": No additional fee may be charged for a service for which the fee is indicated as "per consultation". Such services are regarded as part of the consultation/visit performed at the time the condition is brought to the doctor's attention</p> <p>(b) Where a fee for a service is prescribed in this guideline, the medical practitioner shall not be entitled to payment calculated on a basis of the number of visits or examinations made where such calculation would result in the prescribed fee being exceeded</p> <p>(c) The number of consultations/visits must be in direct relation to the seriousness of the injury and should more than 20 visits be necessary, the Compensation Fund must be furnished with a detailed motivation</p> <p>(d) A single fee for a consultation/visit shall be paid to a medical practitioner for the once-off treatment of an injured employee who thereafter passes into the permanent care of another medical practitioner, not a partner or assistant of the first. The responsibility of furnishing the First Medical Report in such a case rests with the second practitioner</p>							
<p><b>O. Costly or prolonged medical services or procedures</b></p> <p>(a) An employee should be hospitalised only when and for the length of period that his condition justifies full-time medical assistance</p> <p>(b) Occupational therapy/Physiotherapy: The same principals as set out in modifier 0077: Two areas treated simultaneously for totally different conditions, will apply when an employee is referred to a therapist</p> <p>(c) In case of costly or prolonged medical services or procedures the medical practitioner shall first ascertain in writing from the Compensation Fund if liability is accepted for such treatment</p>							
<p><b>P. Travelling fees</b></p> <p>(a) Where, in cases of emergency, a practitioner was called out from his residence or rooms to a patient's home or the hospital, travelling fees can be charged according to the section on travelling expenses (section IV) if the practitioner had to travel more than 16 kilometres in total</p> <p>(b) If more than one patient is attended to during the course of a trip, the full travelling expenses must be divided between the relevant patients</p> <p>(c) A practitioner is not entitled to charge for any travelling expenses or travelling time to his rooms</p> <p>(d) Where a practitioner's residence is more than 8 kilometres away from a hospital, no travelling fees may be charged for services rendered at such a hospital, except in cases of emergency (services not voluntarily scheduled)</p> <p>(e) Where a practitioner conducts an itinerant practice, he is not entitled to charge fees for travelling expenses except in cases of emergency (services not voluntarily scheduled)</p>

0005	<b>Multiple therapeutic procedures/operations under the same anaesthetic</b> (a) Unless otherwise identified in the tariff structure , when multiple procedures/operations add significant time and/or complexity, and when each procedure/operation is clearly identifiable and defined, the following values shall prevail: 100% (full value) for the first or major procedure/operation, 75% for the second procedure/operation, 50% for the third procedure/operation , 25% for the fourth and subsequent procedures/operations. This modifier does not apply to purely diagnostic procedures  (b) In case of multiple fractures and/or dislocations the above values also prevail (c) When purely diagnostic endoscopic procedures or diagnostic endoscopic procedures unrelated to any therapeutic procedure are performed under the same general anaesthetic, modifier 0005 is not applicable to the fees for such diagnostic endoscopic procedures as the fees for endoscopic procedures do not provide for after-care. Specify unrelated endoscopic procedures and provide a diagnosis to indicate diagnostic endoscopic procedure(s) unrelated to other therapeutic procedures performed under the same anaesthetic  (d) Please note: When more than one small procedure is performed and the tariff makes provision for item codes for "subsequent" or "maximum for multiple additional procedures" (see Section 2, Integumentary System) modifier 0005 is not applicable as the fee is already a reduced fee (e) Plus ("+") means that this item is used in addition to another definitive procedure and is therefore not subject to reduction according to modifier 0005 (see also modifier 0082)							
	<b>APPLICATION OF MODIFIER 0005 IN CASES WHERE BONE GRAFT PROCEDURES AND INSTRUMENTATION ARE PERFORMED IN COMBINATION WITH ARTHRODESIS (FUSION)</b>  (f) Modifier 0005 (multiple procedures/operations under the same anaesthetic) is not applicable if the following procedures are performed together 1. Bone graft procedures and instrumentation are to be charged in addition to arthrodesis  2. When vertebral procedures are performed by arthrodesis, bone grafts and instrumentation may be charged for additionally (g) Modifier 0005 (Multiple procedures/operations under the same anaesthetic) would be applicable when an arthrodesis is performed in addition to another procedure, e.g. osteotomy or laminectomy							
0006	<b>A 25% reduction in the fee for a subsequent operation for the same condition within one month shall be applicable if the operations are performed by the same surgeon (an operation subsequent to a diagnostic procedure is excluded). 0014 <b>Operations previously performed by other surgeons</b>							
(a) Use modifier 0014(a) for information only as an indicator that the operation was previously performed by another surgeon							
(b) Where an operation is performed which has previously been performed by another surgeon, e.g. a revision or repeat operation, the fee may be calculated according to the tariff for the full operation plus an additional fee to be negotiated under general rule J: In exceptional cases where the fee is disproportionately low in relation to actual service rendered, except where already specified in the tariff structure.							
<b>INJECTIONS, INFUSIONS AND INHALATION SEDATION MODIFIERS GOVERNING THIS SPECIFIC SECTION OF THE TARIFF CODE</b>							
0015 <b>Intravenous Infusions</b> Where intravenous infusions (including blood and blood cellular products) are administered as part of the after-treatment after an operation, no extra fees shall be charged as the after-treatment is included in the global fee for the procedure. Should the practitioner performing the operation prefer to request another practitioner to perform post-operative intravenous infusions, the practitioner himself (and not the Compensation Fund) shall be responsible for remunerating such practitioner for the infusions

0017	Injections administered by practitioners: When desensitisation, intravenous, intramuscular or subcutaneous injections are administered by the practitioner him-/herself to patients who attend the consulting rooms, a first injection forms part of the consultation/visit and only all subsequent injections <u>as part of a planned series of injections</u> for the same condition should be charged according to item 0131 (not coded together with a consultation item)							
0018	<b>MODIFIER GOVERNING SURGERY ON PERSONS WITH A BODY MASS INDEX (BMI) OF MORE THAN 35</b> Surgical modifier for persons with a BMI of higher than 35 (calculated according to kg/m <sup>2</sup> = weight in kilograms divided by height in metres squared): Fee for the procedure +50% of the fee for surgeons; 50% increase in anaesthetic time units for anaesthesiologists							
0021	<b>MODIFIERS GOVERNING THE ADMINISTRATION OF ANAESTHESIA FOR ALL THE PROCEDURES AND OPERATIONS INCLUDED IN THIS GUIDE TO TARIFFS</b> Determination of anaesthetic fees: Anaesthetic fees are determined by adding the basic anaesthetic units (allocated to each procedure that can be performed under anaesthesia indicated in the anaesthetic column (refer to modifier 0027 for more than one procedure under the same anaesthetic)) and the time units (calculated according to the formula in modifier 0023) and the appropriate modifiers (see modifiers 0037-0044). In case of operative procedures on the musculo-skeletal system, open fractures and open reduction of fractures or dislocations, add units as laid down by modifiers 5441 to 5448							
0023	The basic anaesthetic units are laid down in the guide to tariffs and are reflected in the anaesthetic column. These basic anaesthetic units reflect the anaesthetic risk, the technical skill required of the anaesthesiologist/anaesthetist and the scope of the surgical procedure, but exclude the value of the actual time spent administering the anaesthetic. The time units (indicated by "T") will be added to the listed basic anaesthetic units in all cases on the following basis <b>Anaesthetic time:</b> The remuneration for anaesthetic time shall be per 15 minute period or part thereof, calculated from the commencement of the anaesthesia, at 2.00 anaesthetic units is per 15 minute period or part thereof for the first hour. Should the duration of the anaesthesia be longer than one (1) hour the number of units shall be increased to 3.00 anaesthetic units per 15 minute period or part thereof after the first hour			2	251.38	2	251.38	
0024	<b>Pre-operative assessment not followed by a procedure:</b> If a pre-operative assessment of a patient by the anaesthesiologist/anaesthetist is not followed by an operation, the assessment will be regarded as a consultation at a hospital or nursing home and the appropriate hospital consultation fee should be charged	3	377.07	3	377.07			
0025	<b>Calculation of anaesthesia time:</b> Anaesthesia time is calculated from the time that the anaesthesiologist/anaesthetist begins to prepare the patient for the induction of anaesthesia in the operating theatre or in a similar equivalent area and ends when the anaesthesiologist/anaesthetist is no longer required to give his/her personal professional attention to the patient, i.e. when the patient may, with reasonable safety, be placed under the customary post-operative nursing supervision. Where prolonged personal professional attention is necessary for the well-being and safety of a patient, the additional time spent can be charged for at the same rate as indicated above for anaesthesia time. The anaesthesiologist/anaesthetist must record the exact anaesthesia time and the additional time spent supervising the patient on the account submitted							
0027	<b>More than one procedure under the same anaesthesia:</b> Where more than one operation is performed under the same anaesthesia, the basic anaesthetic units will be that of the operation/procedure with the highest number of anaesthetic units							
0029	<b>Assistant anaesthesiologists:</b> When it is required by the scope of the anaesthesia, an assistant anaesthesiologist/anaesthetist may be employed. The units for the assistant anaesthesiologist/anaesthetist shall be calculated on the same basis as in the case where a general practitioner administered the anaesthesia							
0031	<b>Intravenous infusion and transfusions:</b> Treatment with intravenous drips and transfusions rendered either prior to, or during actual theatre or operating time, is considered part of the normal treatment in administering an anaesthetic.

17.6	<b>Microsurgery of the skull base</b> Note: Skull base surgery, used for the management of lesions, often requires the skills of medical doctors of different disciplines working together during the operation. The procedures are categorised in three parts: 1. The approach in order to expose the area in which the lesion is situated. 2. The definitive procedure which involves the repair, biopsy, resection or excision of the lesion. It also involves the primary closure of the dura, mucous membranes and skin. 3. Repair/reconstruction procedure: Is coded separately if extensive dural grafting cranioplasty, local or regional myocutaneous pedical flaps, or extensive skin grafts are performed. Note codes for repair and closure with local, pedicled or free flaps and grafts can be found in the relevant sections of the coding structure

#### Code Structure Framework

##### a. The tariff code consists of 5 digits

i. 1st digit indicates the main anatomical region or procedural category.

• 0 = General (non specific)

• 1 = Head

• 2 = Neck

• 3 = Thorax

• 4 = Abdomen and Pelvis (soft tissue)

• 5 = Spine, Pelvis and Hips

• 6 = Upper limbs

• 7 = Lower limbs

• 8 = Interventional

• 9 = Soft tissue regions (nuclear medicine)

• eg "Head" = 1xxx

ii. 2nd digit indicates the sub region within a main region or category eg.

• "Head / Skull and Brain" = 10xxx

iii. 3rd digit indicates modality

• 1 = General (Black and White) x-rays

• 2 = Ultrasound

• 3 = Computed Tomography

• 4 = Magnetic Resonance Imaging

• 5 = Angiography

• 6 = Interventional radiology

• 9 = Nuclear Medicine (Isotopes)

eg:

"Head / Skull and Brain / General x-ray" = 101xx

iv. 4th and 5th digits are specific to a procedure / examination, eg

"Head / Skull and Brain / General / X-ray of the skull" = 10100.

#### Guidelines for use of coding structure

• The vast majority of the codes describe complete procedures / examination and their use for the appropriate studies is self-explanatory.

• Some codes may have multiple applications and their use is described in notes associated with each code

• Codes 00510 to 00560 (Angiography machine codes) may only be used by owners of the equipment and who have registered such equipment with the Board of Healthcare Funders / RSSA.

• The machine codes 00510, 00520, 00530, 00540, 00550, 00560 may not be added to 60540, 60550, 70530, 70535 (Antegrade Venography, upper and lower limbs)

• Where public sector hospital equipment is used for a procedure, the units will be reduced by 33.33%.

#### Consumables

• Contrast Medium

o Prior to the implementation of Act 90, contrast will be billed according to the official 2004 RSSA reimbursement price list, without mark up.

o After the implementation of Act 90, contrast medium will be billed according to the suppliers' list price, without mark up.

#### General Comments on Procedural Codes

• All x-ray tomography codes are stand alone studies and may be used as a unique study or in combination with the appropriate regional study if done simultaneously. May not be added to 20130, 42110, 42115.

• Setting of sterile tray is included in all appropriate procedure codes.

• Where introduction of contrast is necessary eg. sialography, arthrography, angiography, etc, the codes used for the procedures are comprehensive and include the introduction of contrast or isotopes.

• The use of Doppler or Colour Doppler as an adjunct to a study (eg small parts thyroid) is included in the code for that study.

• CT Angiography (10330, 20330, 32300, 32310, 44300, 44310, 44320, 44330, 60310, 70310, 70320) are stand alone studies and may not be added to the regional contrasted studies (see 10335, 20340, 20350, 44325 for combined studies).

• Angiography and interventional procedures include selective and super selective catheterization of vessels as are necessary to perform the procedures.

Codes 00230 (Ultrasound guidance), 00320 (CT guidance) and 00430 (MR guidance) are stand alone procedures that include the regional study and may not be added to any of the ultrasound, CT or MR regional studies

#### General Codes

##### Modifiers

00091 Radiology and nuclear medicine services rendered to hospital inpatients

00092 Radiology and nuclear medicine services rendered to outpatients

00093 A reduction of one third (33.33%) will apply to radiological examinations where hospital equipment is used

##### Equipment / Diagnostic

00090 Consumables used in radiology procedures: cost price PLUS 26% (up to a maximum of R26,00). (Where applicable, VAT should be added to the above).

Appropriate code to be provided. See separate codes for contrast and isotopes

The machine codes 00510, 00520, 00530, 00540, 00550, 00560 may not be combined with these codes. If ultrasound guidance (00230) is used for a procedure which also attracts one of the machine codes (00510, 00520, 00530, 00540, 00550, 00560), it may not be billed for separately. Codes 80640, 80645, 87682, 87683 include fluoroscopy. Machine fees may not be added. All other interventional procedures are complete unique procedures describing a whole comprehensive procedure and combinations of different codes will only be supported when motivated.

## ANNEXURE: C

Item 2800 and 2802 as part of anaesthesia

2800 – Plexus nerve block

2802 – Peripheral nerve block

The motivation for the use of one of these codes in addition to that for the “normal” anaesthesia is that it controls post operative pain and minimises the use of pain injections / medication and encourages early mobilisation.

It is reasonable if the injury / surgery is of sufficient nature to expect much pain post operatively, such as in the fracture of a long bone that was surgically reduced and fixated.

It is however not reasonable in cases of a simple fracture to a hand bone / foot bone or uncomplicated amputation of a finger / toe or other simple procedures.

Examples of claims where the use is reasonable:

- open reduction / internal fixation of a femur / tibia – fibula / humerus / radius – ulna
- total knee replacement / total hip replacement

Examples where the use of the codes is not reasonable:

- one fracture in the hand / foot treated surgically
- amputation finger / toe or part of finger / toe
- arthroscopy of the ankle / knee / shoulder

The use of this codes could also be reasonable were a “crushed foot” injury because of many fractures and multiple procedures in one operation.

Item 2800 and 2802 as part of treatment

There also are instances where the use of the codes is part of the treatment (no surgery performed and is not part of general anaesthesia as such). This is why the codes were put into the tariff structure in the first place.

Multiple rib fractures are treated with a nerve block for pain management and that would be acceptable.
