## 2. NAME OF COMMITTEE

### RESEARCH ETHICS COMMITTEE (SAMAREC)

## 3. PURPOSE

- 3.1** To evaluate the ethics of research protocols developed for clinical trials to be conducted in the Private Healthcare Sector, in terms of national and international regulatory requirements, that requires all health research involving human participants must undergo an independent ethics review.
- 3.2** Provide an independent and objective appraisal of the research proposal as it affects the prospective participants and the general day to day functioning of the health system.

## 4. AUTHORITY

- 4.1** The Committee functions within the legislative framework of the National Health Act, 61 of 2003, as amended, (NHA) and as such is registered with the Department of Health (DOH) National Health Research Ethics Council (NHREC)
- 4.2** While the Committee is a structure of the Company, it operates independently without any interference from the Board, and with no external pressure to the members regarding any decisions reached as the Committee has the authority and legal accountability for the evaluation and approval of ethically acceptable research proposals.
- 4.3** In the execution of its responsibilities in evaluating the ethics of research protocols, the Committee is guided by the relevant South African law, research and ethics guidelines, professional standards, international standards and guidelines and codes of practice.
- 4.4** The Committee follows the standards adopted by the latest version of the Food and Drug Administration (FDA) and The International Council for Harmonization of Technical Requirements

for Pharmaceuticals for Human Use (ICH) Guidelines for Good Clinical Practice; and conforms to the guidelines laid down by the World Medical Association, in particular, the Declaration of Helsinki (updated Oct 2013), the Belmont Report, the National Department of Health (2015), the South African Health Products Regulatory Authority (SAHPRA) and other relevant statutory bodies involved in the healthcare sector Complying with Ethics in Health Research: Principles, Structures and Processes (2015)

## 5. OBJECTIVES

- 5.1. The primary role of the Committee is to protect the interests (rights and welfare) of the research participants who volunteer to take part in scientifically sound research.
- 5.2. The Committee will provide assurance to the public of participants' protection, *inter alia*, by reviewing, approving, providing comment on clinical trial protocols, the suitability of investigator(s), facilities, methods, and procedures used to obtain informed consent, and monitoring of clinical research.
- 5.3. The Committee reviews health research involving human participants, prior to initiation of such research and focuses on the ethical implications relating to the clinical research.
- 5.4. The Committee will advise and/or make suggestions to study doctors and applicants, when requested.
- 5.5. The Committee should consider the following issues when reviewing a proposal for a clinical study: Please refer to the SAMAREC Induction SOP and SAMAREC Minutes SOP.
  - 5.5.1. the scientific validity and relevance of the clinical study;
  - 5.5.2. the suitability of the investigator(s) for the proposed study in terms of his/her availability, qualifications, experience, supporting staff, and available facilities;
  - 5.5.3. the relevance of the study rationale and the appropriateness of the inclusion / exclusion criteria to the South African context;
  - 5.5.4. the suitability of the study application in relation to the objectives of the study; i.e. the potential for reaching sound conclusions with the smallest possible exposure to risk of participants, and the justification of predictable risks and inconveniences weighed against the anticipated benefits for the participants and/or others;
  - 5.5.5. the suitability of the study population, whether they constitute a vulnerable group, if so whether justified and whether sufficient measures to protect their interest are in place;
  - 5.5.6. that the number of participants to be recruited is adequate to demonstrate the predicted effect;
  - 5.5.7. the risk-benefit analysis takes full cognisance of benefits and harms beyond the life of the study itself, particularly in relation to chronic life-threatening conditions;
  - 5.5.8. if placebos are to be used, whether their use can be justified;
  - 5.5.9. that by their participation in a clinical study the participants are not denied timely access to medical personnel, investigations, equipment or procedures;
  - 5.5.10. the means by which initial recruitment is to be conducted and by which full information is to be given and how informed consent is to be obtained;
  - 5.5.11. the adequacy and completeness of the written information to be given to the participants, their relatives, guardians and, if necessary, legal representatives. All

Distribution	Document name	Effective Date	Review Date	Page 6 of 16

written information for the participant and/or legal representative must be submitted in its final form;

- 5.5.12. that the application allows the participants and/or their representatives adequate time to consider the patient information document before informed consent is sought;
- 5.5.13. the content of any advertisements or public notices which will be used to recruit participants to a study;
- 5.5.14. the study protects participants' rights to privacy and confidentiality;
- 5.5.15. the provision of compensation/treatment in the case of injury or death of a participant if attributable to a clinical study, and the insurance or indemnity to cover the liability of the investigator and sponsor;
- 5.5.16. the extent to which investigator(s) and participants are to be compensated for participation in the study;
- 5.5.17. making specific recommendations regarding the continuation of treatments beyond the duration of the study, or mechanisms to ensure that participants' access to treatment are fairly protected and not unduly compromised;
- 5.5.18. the demographic information available to assess whether the patient population is adequate to support the study;
- 5.5.19. whether there is no cost to the participant, medical schemes or insurance for trial specific procedures;
- 5.5.20. whether the product will be made available to participants after the trial ends, and if so whether there is any cost to the participant to continue treatment post-trial;
- 5.5.21. whether any restrictions will be placed on the publication of results by the investigators after completion of the trial;
- 5.5.22. the adequacy of the statistical methods proposed to evaluate the data generated; and whether the study is advancing knowledge in the research field.

## 6. MEMBERSHIP

### 6.1 Composition

- 6.1.1 SAMAREC should be independent, multi-disciplinary, multi-sectoral and pluralistic.
- 6.1.2 Collectively, the Committee should include sufficient members with the necessary qualifications and experience, including research ethics training, to be able to review and evaluate the science, the health aspects, the ethics of the proposed research, as well as to assess the anticipated layperson's perspective
- 6.1.3 The Committee will consist of at least nine (9) and a maximum of fifteen (15) members who are appointed by the Board, per the procedure set out from time to time, for Board Committees.
- 6.1.4 The Committee may co-opt and appoint additional members. This decision may be left to the SAMAREC Committee in order to avoid conflict of interest.
- 6.1.5 Co-opted members will be regarded as full members. For avoidance of doubt, the co-opted members will be entitled to voting rights, benefits and accruing full responsibilities as an appointed member of the Committee.

6.1.6.1 at least one layperson;

6.1.6.2 at least one member with knowledge of, and current experience in, the professional care, counselling or health-related treatment of people. Such a member might be e.g. a medical practitioner, psychologist, social worker or nurse;

6.1.6.3 at least one member with professional training and experience in qualitative research methodologies SAMAREC has had very few qualitative research protocols in the past. Therefore, having a member for this purpose, is not productive.

6.1.6.4 members with professional training and experience in quantitative research methodologies

6.1.6.5 a member with expertise in bio-statistics;

6.1.6.6 a member with expertise in research ethics; and

6.1.6.7 at least one member who is legally qualified.

6.1.6.8 members drawn not only from the senior ranks

6.1.6.9 ethnically and culturally diverse members with not more 70% members being either male or female

6.1.6.10 The recruitment process will involve being invited to attend a meeting for an interview and to remain as an observer.

6.1.6.11 Once the Committee has decided to elect the new member, the committee member will attend as an observer for another 2 months and then be allocated protocols once relevant training has been completed.

## 6.2 Term - Committee members are appointed to serve for 3 terms

6.2.1 A member of the Committee, appointed per the procedures set out or co-opted, will only hold office until the end of the current term.

6.2.2 A Term being from the day the member has been appointed. A renewal of appointment letter will be circulated to renew annually and a consecutive term

6.2.3 No Committee member may serve more than (3) consecutive terms in office.

6.2.4 A Committee member who has exceeded the aggregate term to act as a Committee member may again become eligible for appointment to the Committee after **not** having served on the Committee for one (1) term.

## 6.3 Rotation of Committee members

6.3.1 Where possible one third (1/3) of the Committee members must stand down from office, every three (3) terms. If the number of Committee members is not three or a multiple of three, the number nearest to one-third (1/3), rounded down, stands down from office.

6.3.2 Committee members who stand down as part of the rotation process may stand for re-appointment, provided they are eligible.

6.3.3 Co-opted Committee members must stand down from office, at the end of the term in which they were co-opted and are not counted when calculating the one third (1/3) of elected Committee Members to stand down.

6.3.4 The Committee members so to stand down will be those who have been longest in office since the last appointment. In the event of two or more Committee members having been in office for the same length of time and only certain of these Committee members being

Board and relevant Committee members	SAMAREC TOR	10 November 2023	November 2026	Ver 3

required to stand down, the Committee members concerned, may either between themselves, agree or utilise the method of drawing lots.

#### 6.4 SAMAREC Members Remuneration

SAMAREC members will be remunerated in accordance with the SAMA Honorarium Policy and rates.

#### 6.5 Termination and Vacancies

6.5.1 A Committee member must vacate office if:

6.5.1.1 the Board approves a recommendation to remove the member in line with the Company's Office Bearers Conduct and Removal Policy, for breach of any of the conduct standards and expectations set out therein, this includes but is not limited to attendance, participation, performance, communication and conduct;

6.5.1.2 that member is found to be of unsound mind by a court of law;

6.5.1.3 that member is found guilty of materially breaching SAMA's Code of Conduct; or reported via the SAMAREC Whistleblower form available on the SAMAREC Website and included in the SAMAREC SOP

6.5.1.4 that member is no longer registered with SAMA as a member, if applicable.

6.5.2 In the event of a termination of membership or the creation of any vacancy, the position on the Committee will be filled by co-opting members (see clause 6.1). This will be done immediately once a vacancy is available. SAMAREC must commit to having potential trained new members available for when such need arises

6.5.3 If the position of the Committee Chairperson becomes vacant, the Vice-Chairperson will take up the position of Committee Chairperson.

6.5.4 If the position of Committee Vice-Chairperson becomes vacate, the Committee will appoint a new Vice-Chairperson from amongst the current Committee members.

## 7. POWERS AND DELEGATION OF POWERS

7.1 In respect of the objectives and activities of the Committee, the Committee will report to the Board, through the South African Medical Association's Education Science and Technology Committee.

7.2 The SAMAREC Committee may in writing request any SAMA staff member to perform any of the duties assigned to the Committee. When necessary.

7.3 An instruction to a SAMA staff member is subject to any limitations and conditions that the Committee may impose and does not divest the Committee of the responsibility concerning the performance of the assigned duty.

7.4 The Committee may confirm, vary or revoke any action taken by a SAMA staff member as a result of an instruction, subject to any rights that may have become vested as a consequence of the decision.

12.3.3 the Committee obtains the Board's *prior* approval regarding any suggested outside advice is obtained, before such service is procured; and

12.3.4 the procurement of such service is subject to the procurement and other policies of SAMA being followed in this regard.

**12.4** The Committee requirement for ad hoc or specialist consultants for specific protocols will be assessed on a case- to-case basis.

**12.5** The Committee may request other individuals to assist in the review of complex issues outside the expertise of the members, but such individuals may not vote on matters requiring a decision to be taken; These individuals will also only be approached should they not have a conflict of interest in the study in question and will also be required to sign a confidentiality agreement. These individuals will be approached based on a referral basis.

**12.6** The Committee will operate within the limits of its budget, as approved by Board.

**12.7** Committee members who are SAMA employees are not remunerated for their services as members; this is to ensure that the risk of conflict of interest is reduced and that members are able to be objective in the functioning of their duties.

**12.8** Committee members who are not SAMA employees are remunerated according to SAMA Honorarium Policy and rates.

### 13. RELATIONSHIP TO NON-AFFILIATED RESEARCHERS AND OTHER STAKEHOLDERS

**13.1** The Committee deals with research conducted in the Private Healthcare Sector and is not affiliated with any researchers. Therefore, any researcher within the Private Healthcare Sector may approach the Committee to review their research proposals, approvals for which will be done on a case-by- case basis.

**13.2** In the event that specific matters under the authority of the Committee warrant a referral and/or collaboration with other Committees, the Committee is authorised to make such referrals and/or facilitate such collaborations.

**13.3** Any communication by the Committee directed at SAMA members and/or other stakeholders will be carried out in terms of the SAMA Communications Policy.

### 14. REVIEW

**14.1.** The Committee will review this Term of Reference as required and recommend to the Board such revisions as the Committee may believe to be required by new laws or to be prudent.

### 15. EVALUATION

**15.1** The Committee will conduct a self-assessment or self-evaluation of its effectiveness on an annual basis.
