

Leonie Maritz

Leonie is a Certified Professional Coder with 10 years of experience in ICD-10 diagnostic coding, including clinical coding. She has been working for SAMA for nearly 15 years and is currently a Medical Coding Consultant in the SAMA Private Practice Department in Pretoria. She matriculated in the Transkei in the late 60s and went on to obtain her qualifications from the University of Pretoria and other institutions specialising in coding, such as the American Academy of Professional Coders and the Foundation for Professional Development. In her current job she is involved in assisting with queries from providers, billing companies, etc with regards to correct ICD-10 coding, as well as mentoring/training junior colleagues.
