

Prof. Hayward Vermaak

Prof Hayward Vermaak has the following qualifications and credentials:

- About 150 peer reviewed publications in medical journals
- represented South Africa at the International Federation Of Clinical Chemistry for four years
- External examiner at all South African schools of pathology for undergraduate and post graduate students as well as at medical schools outside of South Africa
- Before joining private pathology practice in 2000 he was the chairperson of the School of Pathology at the Health Sciences Faculty, University of Pretoria
- Was one the HOD in Clinical Chemical at the University of the Free State
- Was at one point the acting Head of Clinical Chemistry at the SAIMR/Wits School of Medicine.
- He enjoyed research and the motto he passed on to my students was: *"The joy of research must be found in the doing because every other harvest is uncertain"*.
- In 2000 he ventured into private pathology practice

He is a father of two boys, one of whom is married and lives in Moscow. His hobbies include beekeeping, sailing, badminton and squash. His favourite holiday destination is Nature's Valley and surroundings and experiencing Russia.
